

## WDD 430 – Full Stack Development

### Group Project: Peer Review with Feedback

---

#### Criteria

- Leadership:**  
How well did the group member fulfill the responsibility of team leader if assigned?
- Communication:**  
How well did the group member express ideas clearly and foster a productive group climate?
- Collaboration:**  
Was this group member able to respond to conflicts or disagreements in a constructive manner?
- Contribution:**  
How did their contributions impact the project's overall quality, timeline, or success?  
You may want to highlight a specific, significant contribution.
- Professionalism:**  
How consistently did team members attend project meetings?  
How timely was the team member in meeting project deadlines and/or benchmarks?

**Rating Values: 1 – 5** (1 = Improvement needed to 5 = Excellent)

| Group Member                                                                | Criteria        | Rating          |
|-----------------------------------------------------------------------------|-----------------|-----------------|
| Name: Diogo Rangel Dos Santos                                               | Leadership      | Rating (1-5): 5 |
|                                                                             | Communication   | Rating (1-5): 5 |
|                                                                             | Collaboration   | Rating (1-5): 5 |
|                                                                             | Contribution    | Rating (1-5): 5 |
|                                                                             | Professionalism | Rating (1-5): 5 |
| Feedback: Diogo Rangel Dos Santos is really a excelente colleague of group. |                 |                 |
